

I hope Sinclair  
Broadcasting will  
not be premitted to  
have their stations  
air an anti-Kerry  
documentary days  
before the election.

Sinclair uses the  
public airwaves free  
of charge, and is  
supposed to serve  
the public interest.

This obvious  
political use: to  
promote a candidate  
by smearing the  
other, is clearly  
not serving the  
public interest.

Please do what you  
can to prevent this  
inappropriate use of  
public airwaves, and  
make it impossible  
for there to be such  
misuse in the  
future.

Thank you!
